About Disability Rights Maryland

Disability Rights Maryland (DRM) is a 501(c)(3) nonprofit organization that protects and advances the rights of people with disabilities in Maryland. We provide free legal support to address issues like abuse, neglect or discrimination which might occur in education, housing, transportation, healthcare, voting, and more. DRM works to ensure that people with disabilities don't have to live in institutions unnecessarily. We envision a world where everyone has access to the services they need to fully participate in the workplace, neighborhoods, and all aspects of community life.

The **Breaking Barriers Awards Gala** is DRM's signature celebration. Bringing together attorneys, corporate and foundation leaders, government representatives, and disability advocates, DRM's Gala shines a powerful spotlight on visionary leaders who further the rights of Marylanders with disabilities. Funds raised at the Gala go towards ensuring that Marylanders with disabilities, regardless of income, age or race, have access to critical legal services.
